## OUTDOOR FUN AT POINT AQUARIUS

The Disc golf course has become a big hit with everyone in the neighborhood. We have found out it is an easy way to get your vitamin D, walk your dogs and get a little cardio exercise at the same time. Please be sure to pick up after your doggies if they come with you though.

Also, the basketball court next to the club house will be undergoing a change soon and a picnic area and grill will be added. We are also hoping to upgrade the volleyball area and make it sand instead of grass.

## POA BLOG

### POA/Collections

- We would like to wish Julio well. He left us the end of January to take early retirement.
- Over \$230,000 received already for 2014 assessments
- We continue monthly staff meetings with Steve to help us be aware of any new laws or regulations that we need to implement.
- Most of the month of December was spent receiving 2014 Assessment payments.
- Hope everyone had an enjoyable and safe New Year's Eve and 2014 will be a good year for us all.
- Won't be long before we will start planning for the 2014 Annual Meeting scheduled for the end of April.

Kendall Veronico (University of Texas) and Chris Zemlicka (Texas A & M University) received their checks for \$500 each for the Spring 2014 semester from PAWC.

## EAGLE UPDATE

As many of you know, we have been lucky to have a pair of bald eagles nesting on Pegasus or on Taurus. They returned to their Pegasus nest and began sitting on their eggs around Christmas time. Their gestation period is 35 days, so they may have hatched by now.

Soon we should begin seeing their fuzzy heads pop up from the nest. So, if you're walking down Pegasus and you see a fish lying in the street, it did not come from an inconsiderate fisherman, the eagle probably dropped it on his way home.

### ACC (approved)

- 3 Houses
- 2 Fences
- 2 Play structures/Tree house
- 2 Driveway extensions
- 1 Back Porch
