From concerned property owner:

It seems that this year "hot-rodding", speeding, and stop sign running have increased dramatically. I am also concerned about the safety of the children operation unlicensed vehicles on our streets. I have already experienced children turning across the lane in front of me, veering into my lane while texting, turning out of the traffic lane onto the grass median and running stop signs in front of me, most of this occurring this year. My guess is that if an accident occurs, the driver of the automobile will be held responsible for injury to a child even if the child is in the wrong.
