PAWC MEETING

DATE: May 14
TIME: 9:30 AM
PLACE: Community Center

- Items for recycling (cans, Christmas tree lights, etc.). Please drop off at 12765 Antares.
- Hotel toiletries for the M/C Women's Center
- No long collecting printer cartridges

IN MEMORY

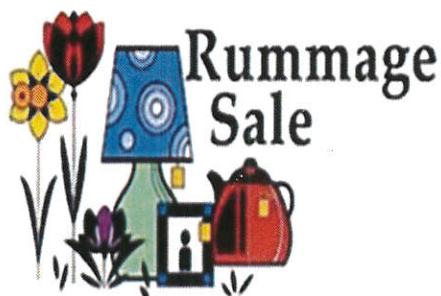

Maria Simmons passed away April 23. She was one of the first residents of Point Aquarius. She was well into her 90's. She moved to the Dallas area a number of years ago.

MEMORIAL DAY FLAG DISPLAY

The Flag Display on the boulevard for Memorial Day, May 30 will be magnificent. All the flags are being replaced. The flags will match and the tattered flags will be gone. The new flags were purchased by the PAWC and POA. Many thanks from the Flag Committee.

POA BLOG

The POA is closing the pools down indefinitely until they feel it's safe to open for the community.

There are concerns that the youth are not operating their ATV's, dirt bikes, golf carts, etc. around the neighborhood safely. We have received reports that children are doing wheelies on ATV's, exceeding the speed limit in the community, golf carts are used dangerously, and they are taking them off the street into the grass areas. Parents, we understand there may be limited ways for children to expend their energy during this time. For their safety, please talk to your children and remind them of how to safely operate these types of vehicles and to keep them on the streets and off the grass.

Susan Hamelin, Admin. Asst.

NO WAKE ZONES

The San Jacinto River Authority have "no wake" zones near marinas and boat launches. While public safety is the reason many of these zones also has benefits for the property owners and environment. Owners directly benefit from decreased wave energy hitting bulkheads. The constant impact wears away sediment from unprotected shoreline. Please observe No Wake zones.

GARDENING TIPS FOR MAY

- Plant new shrubs early before the heat arrives. Plant summer blooming perennials and annuals.
- Mulch beds to discourage weeds, keep roots cool and conserve moisture.
- Fertilize azaleas, hibiscus, and containers.
- Maintain watering on newly planted seeds and transplants.
- Keep an eye out for pests as well as beneficial insects in your vegetable garden.
- Fill bird baths and keep water fresh.
