## NATURE'S TRAIL

Bruce and Beth Withers took their beautiful grand daughters to the park for a picnic and walk.

New flowers are added constantly. It has never looked more beautiful. It's a great place for a picnic or a walk.

Thanks to Leesha Cahill for the pictures.

## IN LOVING MEMORY

As many of you know, our beloved guard Anita Roberts passed away August 9. She worked at Point Aquarius for 18 years.

She was raising her grandchildren who meant the world to her.

Her son, Russell Roberts also works as a guard here.

She will be sorely missed. She always had a smile and served us with grace and kindness to everyone. Rest in Peace Anita.

## THE CONSELLATION AQUARIUS

Most of our streets are named after different constellations. Here are some interesting facts about Aquarius. It is the constellation for January 21-Feb. 19. This is a faint constellation that wouldn't be so famous if weren't part of the Zodiac.

In ancient Babylonia, Aquarius received it's names as "Water Bearer". In Egypt the constellation was thought to cause the Nile River to have its annual floods. Aquarius is thought to be a lucky sign. When the sun is in Aquarius, the New Year is beginning, Spring is coming, and the rainy season will bring about abundant crops.

## LABOR DAY

Labor Day is celebrated Monday, September 7 this year. Labor Day pays tribute to the contributions and achievements of American workers and is traditionally observed on the first Monday in September. It was created by the labor movement in the late 19th century and became a federal holiday in 1894. Labor Day weekend also symbolized the end of summer for many Americans, and is celebrated with parties, parades and athletic events.
