

Hello neighbors!

My husband Alex and I have been members of Point Aquarius community since 2015. We love our lake community and—like you—want to see it continue to prosper, while retaining its small town friendly vibe. Because I am retired, I have time to help achieve it and this is why I am running for the POA board.

I believe my skills and experience will be an asset to the community. In my 20+ years with Shell Oil I held a variety of technical and managerial roles, including seven years as a corporate auditor.

I have experience in the following areas:

- Contract and vendor management
- Project evaluation and delivery
- Financial analysis
- Laws and regulations
- Stakeholder management and communications

The above skills can be useful in evaluation and prioritization of the community projects, and my auditing skills and attention to detail will help with efficient and effective use of funds.

I strongly believe in building and maintaining trust through timely communications and responsible use of the community resources.

Please feel free to reach out to me if you have any questions. Thank you for your consideration
