

## ROLAND MORGAN

My name is Roland Morgan. My wife Barbara and I moved to Point Aquarius in January 2005. I have been on the POA board or associated with the board since moving to the neighborhood. I have served as President, Vice President and chair of the Security Committee.

I worked for 32 years with the Houston Fire Department, where I retired as an Arson Investigator. I then worked 12 years with the Montgomery County Fire Marshall's office, investigating fires.

Barbara and I started the Kid's Committee for Point Aquarius, overseeing the Easter Egg Hunt, the Halloween Costume Contest, and Cookies with Santa.

Since being on the POA board, we have accomplished many improvements throughout the neighborhood. These improvements include upgrading the playground, adding cameras throughout the neighborhood, adding new computer system to the guard shack, and many other improvements.

I will continue to work hard to improve this subdivision and make Point Aquarius the best place to live on Lake Conroe.

I would appreciate your vote to continue working for the betterment of our community.

  
Roland E Morgan
